soft collection

softwall + softblock modular system

softwall + softblock is a modular system of freestanding, flexible partition walls and building blocks. The elements are available in a variety of materials and colours, to offer a range of properties including translucency or opacity, acoustic absorption, fire rating, UV and water resistance. The paper and textile materials contain recycled content and are recyclable. Blue and brown paper products are made from wood harvested from FSC® Certified (FSC® C158591) responsible sources. All softwall + softblock elements are flexible in length, opening to a maximum of 4.5 meters long (15 feet) when fully expanded. When softwall + softblock are compressed for storage, they measure less than 5 centimeters thick (2 inches). Elements may open less than the full length to create shorter partitions, or form longer walls by connecting two or more softwalls via their magnetic end panels. An optional wall hook is available for simple, compact storage.

softwall + softblock LED ribbon for white textile

Flexible LED ribbons integrate with textile softwall + softblock to transform the elements into expressive, luminous space partitions. Light emphasizes the subtle beauty of the translucent material, illuminating the delicate fibres. LEDs are available in warm white or neutral white. Please inquire about the recommended arrangement for your project.

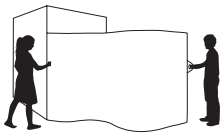
soft collection

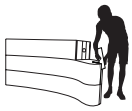
softwall + softblock accessories

softwall + softblock are freestanding, however, molo provides optional accessories that offer additional functionality. Please contact the studio to discuss which accessories may suit your project.

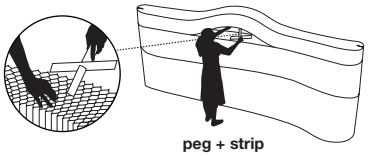


anchor strip
anchor magnetic end panel of softwall to any solid surface

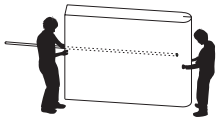
felt handle
may attach to softwalls that are opened and closed frequently



anchor strip
align ends of softblocks directly over one another



peg + strip
reinforce the connection between horizontal layers of softblocks



tubes
transform softblock into a rigid beam to span windows or door openings. Tubes can aslo hold softwall + softblock in straight lengths.

wood softwall + softblock

wood softwall + softblock are made from FSC® Certified (FSC® C158591) sustainably sourced, engineered wood. Each piece is flexible in length opening to a maximum of 4.5 meters long (15 feet) when fully expanded, and their modular, magnetic end panels allow them to link in sequence to shape long stretches of wall or immersive environments and displays. Light transmits through the partitions as a delightful, warm glow and reveals playful, enigmatic forms as people or objects cast shadows against them. As natural light changes throughout the day, a range of colours is revealed in the walls, shifting through pale ash, soft cream, and rich yellows.

suspended softwall + softblock luminaires

Lift white textile softwall + softblock into the air with new LED armatures designed to transform the partitions into suspended luminaires, seemingly weightless structures that hold straight lines or perfect 90-degree turns. suspended softwall + softblock luminaires are available in modules of 2.4 meters (8 feet). Connect them modularly and at different heights throughout a high-ceilinged space to form a hanging, luminous sculpture garden.

soft collection

softseating

softseating is a line of flexible furniture made from paper or textile. Each element uses honeycomb geometry to fan open into a stool, bench, table or lounger, compressing for storage. Magnetic end panels allow two or more elements to connect, forming long winding benches. Blue and brown paper products are made from wood harvested from FSC® Certified (FSC® C158591) responsible sources

softseating accessories

Available in sizes that correspond to softseating fanning stool's surface diameter, wool felt pads and PaperStone hard tops make lovely companions to molo softseating, tables and display podiums. Wool felt pads can also be used as cushions along a bench or benchwall, placed directly on the floor as small area rugs, or used as a bed for four-legged friends. Felt pads are 100% natural, and PaperStone hard tops are made from FSC® Certified (FSC® C158591) sustainably sourced materials.

cantilever table accessories for table with solid center top

cantilever table uses a flexible paper or textile base and is available in two heights. A single base uses honeycomb geometry to fan open and support a round top. Blue and brown paper bases are made from wood harvested from FSC® Certified (FSC® C158591) responsible sources. cantilever table can be purchased either with a centre hole to accommodate molo's pencil holder and sketching circles, or as a solid surface top. The felt pad is an alterative option to the hard round top.

The components of cantilever table are available for individual purchase. molo offers these pieces as an opportunity to continue the design process, encouraging clients to pair the bases with tabletops of their own design, or from a unique material palette. To discuss your idea, please contact the studio.

benchwall + thinwall

benchwall is a flexible, paper or textile bench with a tall backrest that acts as both acoustic space partition and seating. benchwall can stretch into straight, high backed seating or sweep into a circular bench-lined room for intimate meetings. benchwall may magnetically connect to the 45.5 x 91.5 centimeter diameter (18 x 36 inch diameter) size softseating stool + bench to form modular seating arrangements. Blue and brown paper products are made from wood harvested from FSC® Certified (FSC® C158591) responsible sources.

thinwall was designed as an acoustic, sculptural liner for solid walls, columns and ceilings or as a flexible wrap for storage areas, reception desks and other millwork. It measures only 9 centimeters wide (3.5 inches) and reaches 183 centimeters high (6 feet). Adjustable in length, it stretches up to 3.5 meters long.

cloud softlight pendant

cloud softight pendants are individual luminaries that radiate a gentle, ambient light. The honeycomb shades are lit from within by dimmable 90+CRI LED, in warm white or neutral white colour temperatures. Pendants are available in four sizes, and can be hung independently or combined with other pendants and mobiles to create beautiful, vast cloudscapes. cloud softlight pendant scales to any size interior, from small apartments to multi-storey auditoriums.

cloud softlight mobile

cloud softlight mobile creates a canopy of soft, luminous forms. Inspired by the kinetic sculptures of Alexander Calder, each mobile supports three cloud pendants that move and shift with the air currents. The honeycomb shades are lit from within by dimmable 90+CRI LED, in warm white or neutral white colour temperatures, and transmit a gentle glow in all directions.

soft collection

cloud mast softlight

cloud mast is a kinetic luminary that balances elements of earth and air. The mast is crowned by a boom that supports a luminous canopy of clouds and a dangling fishing weight. The boom revolves around the mast, carrying graceful light throughout a space. As a floor supported lamp, cloud mast is ideal for temporary installations or interiors where wiring might disrupt the ceiling.

soft collection

urchin softlight

With its elastic movement and shifting form, urchin softlight invites playful interaction. By gently manipulating the shade with your hands, the lamp transforms through a range of beautiful shapes. The honeycomb shade is made from a tear- and water-resistant, non-woven polyethylene textile that is anti-static to repel dust. The integrated LED light source is available in warm white (2700K) or neutral white (4000K) colour temperatures with 90+CRI for natural colour rendition.

product	dimensions + specs	power supply voltage	LED colour	pricing US$***	product code

cappello

cappello is a modest tribute to Achille Castiglioni, his brother Pier Giacomo, and Ingo Maurer—designers who have gifted the studio (and the world) much joy and inspiration. The Carrara marble base is a byproduct of the manufacturing process for Arco, the iconic floor lamp designed by the Castiglioni brothers in 1962. Cappello is lit by LED and shaded with a paper cap, or "cappello" in Italian. A simple magnetic connection allows the cap to slide to any position along the steel wire that springs from the marble base. This allows the cap to tilt, adjusting direction of light and giving the little lamp a gestural, anthropomorphic quality.

float

float is a line of hand blown, thermally-resistant glassware designed to emphasize the colours and charms of the tea, scotch or juice served within. The suspended bowl insulates liquid from hands, and forms a lens of liquid colour that projects light onto the tabletop. The tea lantern has an insulating double wall, allowing for a simple, cylindrical form that can be held like a wine bottle. With a candle lit below the tea lantern, the ambient light, together with the colour, fragrance and steam of the tea, transcends the pragmatic to create an engaging spatial experience.

float is exclusively available at molodesign.com

International Pricing and Terms

Pricing

All pricing is shown in US$. Shipping charges are additional. All duties and taxes are included for orders delivered within the United States.

Payment and Shipping

Payment must be received in full before any goods will be shipped. We accept payment by bank wire, credit card (Visa, Mastercard, AMEX, Discover) or PayPal. We do not accept cheques. For credit card or Paypal payments of orders over US $5,000, a 3% processing fee will be charged. Standard delivery is by FedEx International Priority or freight forwarder.

Prices and policies are subject to change without notice.

Exchange Policy

All sales are final.

Goods which are damaged or defective at the time of receipt can be exchanged for the same goods, provided we are notified by e-mail, fax, or phone within two business days of receipt of the goods.

If any damages occur during installation, contact molo immediately and do not attempt to fix. Improper tampering of products may limit repair or replacement options.

This policy does not include goods which are not defective, but rather exhibit minor variations typical of handmade products. While we do not offer an official warranty, we stand behind our products and we are available to assist with any issues should they occur.

Ordering Information

E-mail orders to sales@molodesign.com, or fax +1 604 685 0342

For small orders, goods are normally in stock and ready to ship. For larger orders, projects with fixed deadlines, or orders with custom colour softwall + softblock, please allow for up to 18 weeks lead time.

Patents and Intellectual Property

molo products are designed by Stephanie Forsythe and Todd MacAllen, manufactured by Molo Design, Ltd. and protected by patents and/or design registrations viewable at molodesign.com/ip.
