custom colours for textile softwall + softblock

You may order any custom colour for textile softwall + softblock based on the pantone shade of your choice!

Let us know the details of your project and we will provide a quote, confirm lead-time and confirm if the order meets minimum quantity for custom colour orders. The minimum size orders for custom colour are quite reasonable and they vary according to the sizes and combinations of sizes you are looking at. For example 15 units of 2440mm x 340mm (8' x 13.3") tall textile softwalls meets the minimum per custom colour, as does any combination of softblocks in the same width and adding up to the same overall height as combination of 15 units of 2440mm x 340mm (8' x 13.3") tall textile softwalls.

If these minimums are too high for your current project or budget, we also offer a waitlist where we aim to group together client projects using similar Pantones.

12 - 18 week lead time for custom colour textile softwall + softblock (expedited service available).
