product resources

Designed to complement the modular seating pieces of the molo soft collection, wool felt pad enhances both comfort and versatility. Made from 20 mm (3/4 in) thick, 100% natural grey wool, its dense yet yielding surface offers tactile warmth. A stand-alone piece or an addition to other molo furniture, wool felt pad serves as seating enhancements on chairs, protective layers for tables, or soft floor cushions for people and pets.

Available in three sizes, these circular pads match the diameter of softseating paper stools, and can be used with benches and benchwall.

Design by Stephanie Forsythe and Todd MacAllen

*softseating fanning stools available separately

felt pad used as a simple floor cushion.

The 380 mm (15 in) diameter felt pad matches 405 mm (16 in) diameter softseating fanning stool or benchwall and 915 mm (36 in) bench.

felt pad suggests an intuitive place to sit when arranged on benchwall or softseating.
