

## **SketchUp drafter for architectural product drawings · Freelance**

Molo Design, Ltd. (molo)  
Vancouver, Canada

\$50 / hour (or as quoted by project)

the company

molo is a multi-disciplinary design and production studio based in Vancouver, Canada. molo's innovative works have received international recognition and have been acquired into museums and galleries around the world, including the Museum of Modern Art in New York. The molo team is an assembly of curious and skilled individuals that facilitate the studio's endeavours with passion and care.

the role

molo is looking for an experienced professional to draft and maintain SketchUp product drawings and pdf documentation. Examples of our documentation can be found [here](#). Only candidates with advanced knowledge of SketchUp software will be considered. The role requires ownership - genuine care to uphold molo's standards and a natural intuition for problem-solving. This role involves:

- measuring and drafting all aspects of molo products
- reviewing and modifying drawings to current standards
- hands on work with high-quality products
- ensuring all drawings accurate and meet industry standards
- inclusion in a hard-working and focused team
- maintaining a library of standard drawing templates
- updating existing drawings

other requirements

- advanced knowledge of SketchUp software, including but not limited to, 2D drawing, advanced 3D modeling, perspectives, viewpoints, and complex & organic modeling including fundamental concepts, shape bender and flowify
- use of your own computer with up-to-date software
- ability to prepare technical drawings efficiently and according to specifications
- ability to analyze design sketches and specifications to create technical drawings
- ability to come on-site from time to time to take measurements for model creation
- strong organizational and time management skills
- canadian citizen or permanent resident

to apply

Applications are by email only and attachments must be in PDF format. In your cover letter, we ask that you address three questions: Why is molo a brand you would be proud to represent? How do your interests align with molo? When has your energy and enthusiasm paid off professionally? Your resume and cover letter to [coral@molodesign.com](mailto:coral@molodesign.com)

Thank you for your interest. Only shortlisted candidates will be contacted. Please do not call or visit the studio.
